

12-Year Old Youth And Adult Killed, One Injured In Crash Of Car, Truck This Afternoon

A 12-year-old boy was killed, one adult died at 1:40 p. m. this afternoon ten minutes after being admitted to the Warner hospital here, and a third adult was seriously injured in a head-on automobile crash with a truck on the Emmitsburg road nine miles south of Gettysburg at the top of a hill just north of the Pennsylvania-Maryland line at 12:45 p. m. today.

Hospital authorities said the man who died shortly after being brought there in the ambulance was Harry Stoneman, of Cleveland, Ohio. The injured man was believed to be Paul Torbett, also of Cleveland. No ages were available.

At presstime the body of the boy had not been removed from beneath the truck, where it had been thrown by the impact. He was tentatively identified as Ronald Fabian, believed also to be from Cleveland.

Chest Crushed
Stoneman suffered a crushed chest, both legs broken in two places and other injuries. Torbett suffered chest injuries and a broken leg.

State police of the Gettysburg sub-station, who were investigating the accident, reported that a large truck loaded with 13 tons of brick, owned by the Lomax Fortney Company, McClean, Va., and driven by Walter Buhl, Vienna, Va., was proceeding south.

The Ohio car was being driven toward Gettysburg and was apparently passing another car near the crest of the hill when it ran head-on into the truck, which pulled over onto the berm attempting to avoid the accident.

Part of the automobile was pinned beneath the cab of the truck.

Leg Fractured In Fall From Hay Wagon

Betty Scott, 13, Gettysburg R. 3, was treated at the Warner hospital this morning for a fracture of her left leg received in a fall off a hay wagon this morning.

John Orndorff, Rocky Ridge, Md., was treated at the hospital for a fracture of his left ankle received when he twisted his left ankle while playing baseball Tuesday.

Admissions include Robert Rexroth, Gettysburg R. 3; Chester Schriver, Gettysburg R. 1; Mrs. Raymond Scott, Gettysburg R. 3, and Mrs. Harry Dick, 215 Chambersburg street. Those discharged were Mrs. Harold Reider and infant son, Kirk Long, 41 Hanover street, and Mrs. Lloyd Hartman, Liberty street.

Two Drivers Face Code Violations

Harry W. Hull, Hanover, R. 1, has been charged before Justice of the Peace Howard G. Blocher, Littlestown, with failing to stop his automobile at a stop sign, state police of the Gettysburg sub-station reported today.

A charge of making an improper pass has been filed by state police with a York county justice of the peace against Ernest Hammer, East Berlin.

Picnic Dinner Is Held For Couple

A picnic-dinner was held on the lawn at the home of Mr. and Mrs. Clarence Hartlaub, Lincolnway east, Sunday in honor of their son and daughter-in-law, T/5 and Mrs. Glenn Hartlaub.

T/5 Hartlaub received his discharge at Ft. Lewis, Wash., after serving for the last 18 months. He and his wife have returned to the home of his parents where they will begin housekeeping in a newly furnished apartment.

Those who attended the picnic-dinner were Mr. and Mrs. Albert Whisler, Hanover road; Mr. and Mrs. Tony Clapper, Biglerville; Russell Whisler, Arlington, Va.; Miss Helen Feltenberger, Baltimore; Mr. and Mrs. Glenn Whisler and children, Harold and Donna, Hanover road; Mr. and Mrs. C. R. Hartlaub and children, Richard, Elwood, Jack, Terry, Gladys and Linda and the guests of honor.

SING DUET SUNDAY

Janice and Ross Sachs, Locust street, will sing a duet Sunday morning at the 10 o'clock service at Grace Lutheran church, Two Taverns, the pastor, the Rev. Dr. J. M. Myers announced today.

CHURCH PICNIC, SUPPER

The annual supper and picnic of Grace Lutheran Sunday School will be held Saturday with the supper in the parish hall and the picnic on the grounds about the church. Serving of the supper will begin at 5 p. m.

ANNOUNCE DATE FOR PRACTICAL NURSING COURSE

A one-year course in practical nursing will be open at the Annie M. Warner hospital here on September 15. Walter H. Doud, hospital administrator, announced today, with Miss Lois R. Benson, York, as director of the school.

Miss Benson is a graduate of the University of Michigan, and has had a varied experience in nursing and as instructor, and served in the army nursing corps for four years during the war.

She will assume her duties here on September 1, but will be available to interview applicants at the hospital on August 8, 15, 22 and 29, between the hours of 10 a. m. and 3 p. m. and daily after September 1 during the same hours.

The course of study offered at the hospital is designed to prepare the student to assist with the care of all types of patients and particularly with the care of the mildly ill, convalescent and chronic patient.

Will Receive Certificate

The length of the course is to be one year. The first six months will be spent in the classroom with a limited number of hours of ward practice under the direct supervision of qualified instructors. The remaining six months will be spent in the wards, where supervised experience will be gained in the care of convalescent medical and surgical patients, the care of children and aged persons, and the care of mothers and new-born infants.

Upon satisfactory completion of the course a certificate will be given the graduate.

Students will be required to pay a fee of \$25 for uniforms, and books, payable at the end of two months. They will be paid \$60 a month, and meals and laundry will be provided during the entire course.

Qualified graduates will be given an opportunity to work in the hospital and be placed on the practical nurses' registry for placement on (Please turn to Page 2)

Rain Cools Atmosphere

Temperatures came tumbling down today. While the thermometer registered in the 90's Wednesday, hitting a mark of 92 at the Arendtsville laboratory, the weather contented itself with hovering about the 70 mark this afternoon. Shortly after noon the Arendtsville laboratory reported 68 degrees.

The sun rose like a ball of fire this morning, only to be eclipsed by dark clouds, and rain fell briefly shortly after 7 o'clock. There were intermittent showers later during the morning, and during the noon hour heavy rains fell, accompanied by thunder and lightning. Skies were cloudy and dark.

The cooler weather was characterized by such things as a spectacular thunderstorm which lasted several hours in Pittsburgh this morning and which brought with it hailstones as big as marbles, according to an Associated Press report.

Defiant Traitor Sentenced To Life And Fined \$10,000

Boston, July 31 (AP)—Douglas Chandler, 58, former Baltimore newspaper man, Wednesday was sentenced to life imprisonment and fined \$10,000 for treason after he defiantly told the court he had not changed a bit from the opinions he expressed for "the Nazis over the German radio during the war."

Brushing aside his counsel's plea that he was insane, Chandler personally addressed the court just before Federal Judge Francis J. W. Ford imposed sentence.

Standing erect, Chandler showed no emotion as he heard the sentence except to swallow noticeably. Chief Defense Counsel Claude B. Cross immediately filed a motion for a stay of execution of sentence and it was taken under advisement.

Judge Ford, a Harvard classmate of President Franklin D. Roosevelt, said he was taking into consideration the Government's stress on the importance of propaganda as a weapon of war and asserted he was satisfied the sentence would serve as a "deterrent to others who might

Part Of Crowd At Fruit Growers Field Day Wednesday

Above is a view of part of the crowd at the annual Adams County Fruit Growers Association Field Day in the Arendtsville park Wednesday. In the lower right, inset, is shown Dr. Frank Cullinan, assistant chief of the Bureau of Plant Industry, United States Department of Agriculture, who delivered one of the addresses.

SELECT GIRLS TO REPRESENT R. C. AT MEET

Betty Ann Rebert, 16, daughter of Mr. and Mrs. Irwin Rebert, Littlestown, and Margaret Smith, 15, daughter of Mr. and Mrs. R. Francis Smith, Hanover, will represent Adams county at the Eastern Area Junior Red Cross Leadership Training Center camp at Choptank National Park, Triangle, Va., August 13 to August 23. Mrs. Elizabeth Pennington announced today.

This fall Miss Rebert and Miss Smith, together with Miss Barbara Bryson, Gettysburg, and Miss Ann Gulise, Biglerville, who represented the county at the Junior Red Cross national convention this summer will be the leaders in the formation of an inter-school Junior Red Cross council, Mrs. Pennington added.

Have Leadership Qualities

Miss Rebert, a member of the Littlestown high school Junior Red Cross council and Miss Smith, of Delone high school, were selected by school authorities to attend the camp because of their qualities of leadership and activities. Miss Rebert is a member of the basketball team, glee club and a Hi-Y leader. Miss Smith is a member of the glee club, took part in dramatics and was her home room representative at Delone. Both girls will be juniors upon their return to school this fall.

While at the Virginia camp the two countians will study Junior Red Cross philosophy and organization, its production program, chapter and council organization, national and international activities, community service, forest fire prevention and conservation, life saving, nutrition, first aid, public speaking and publicity.

RAZE BUILDING FRONT

Workmen engaged in rebuilding the Albert J. Lentz American Legion post home on Baltimore street have erected scaffolding about the front of the building and the north side of the structure preparatory to tearing down the front of the building.

"Throughout the past several weeks the undersigned, residents of Gettysburg, have been annoyed by a continuous noise which is said to originate from your manufacturing plant," the letter to the corporation says.

"This noise," the letter continues, "is very disturbing, especially during the evening and sleeping hours and on Sundays. It is requested that your company take the necessary steps to immediately rectify this situation."

Other Complaints

While the noise complained of has been particularly annoying to residents of the north end of town, "it has been heard plainly in other sections," petitioners claim, "and is of a particularly penetrating and continuing quality, resembling a constant hum like the wail of a siren at some distance away." It is frequently carried to all parts of the town by the wind, they assert.

Borough authorities have received several complaints from persons who thought that the noise originated at a traffic light control box at Lincoln avenue and Carlisle street. They denied that this was causing the trouble.

Residents of the town have also complained of an objectionable odor, also believed to come from the Inductive Equipment plant, which resembles the smell of burning rubber. The letter being circulated today does not mention this, however, but is inclined to commit a crime of a similar nature."

Clearance Sale still going on. Anthony Shoe Store, Hanover, Pa.

Population Of County Now 42,946 New Survey Shows; Gettysburg May Top 6,000

Adams county's population has passed the 40,000-mark since the last federal census was taken in 1940, according to figures announced by the Pennsylvania State Department of Commerce. The statistics were compiled by the State Planning Board.

According to these figures, Adams county had a population on August 1, 1946, just one year ago tomorrow, of 42,946 persons. Adams is one of 32 counties in the state which showed increases.

The county's population as of April 1, 1940, the date of the last federal census, was shown as 39,432. The increase of 3,514 since this enumeration was made is a gain of 8.90 per cent.

Gettysburg Over 6,000

Although the figures do not show Gettysburg's population, on the basis of the county gain, indications were that the borough, for the first time in its history, has passed the 6,000-mark.

The population for the entire state passed the 10,000,000-mark, according to the Department of Commerce figures, with a total of 10,238,012, as compared with 9,900,180 at the time of the last federal census. This is a gain of 3.4 per cent.

Losses of 15.05 were shown in Lackawanna county; 6.86 per cent in Schuylkill and 6.27 per cent in Luzerne county.

The population of Philadelphia moved beyond the 2,000,000-mark with a total of 2,096,266 as compared with 1,931,334 in 1940.

RICHARD SPEAR WED IN SOUTH

The wedding of Miss Louise Craig Foster, daughter of Mr. and Mrs. Craig Foster of Mocksville, N. C., and Richard Southall Spear, son of Mrs. Naomi R. Spear of Littlestown, was solemnized at Mocksville on July 18, according to an announcement appearing in a Salisbury, N. C. newspaper.

The couple will make their home in Germantown, N. C., where Mr. Spear is principal of the Germantown High school. He graduated from Gettysburg High school in 1939 and Catawba College, Salisbury, N. C., where he received his AB degree, in 1943. He also attended the University of Hawaii and last January was graduated from Duke university with the degree of master of education.

During the war Mr. Spear served 29 months with the air forces in the South Pacific.

SHIP BODY TO NORFOLK

The body of Edward Parke White, 76, Taneytown road, who died early Wednesday morning, will be shipped from the Bender funeral home here to Norfolk, Va., for interment there Friday. Mr. White, a retired marine engineer, resided in Norfolk until he moved to this county five years ago.

ONE HALF PRICE SALE—Including Coats, Suits, Dresses, Blouses, Skirts, Handbags, Lingerie and Raincoats. Millinery Greatly Reduced. Virginia M. Myers.

GROWERS' VIEW WIDE VARIETY OF SPRAYERS

A whole panorama of spray and dusting methods, from an ancient barrel sprayer with a hand pump to airplane dusting was presented Wednesday afternoon at the annual Fruit Growers Field Day sponsored by the Adams county Fruit Growers Association.

An estimated 2,000 persons from throughout this section of the country watched twenty-two demonstrations of various types of equipment ranging from fertilizer distributors to mist dusters and from chain saws to mist dusters as equipment dealers and houses put their products through their paces at the South Mountain Fair grounds.

The barrel sprayer, drawn by two horses, brought laughter from the audience as "mom" and "pop" went through the spraying procedure that was familiar to many of the old timers, and had never been seen by some of the younger growers.

Dauphin county's population increased 20,208, or 11.39 per cent, from 177,410 in 1940 to 197,618 in 1946.

Franklin county went from 69,378 in 1940 to 72,101 in 1946, a gain of 2,723 or 3.92 per cent.

York Shows Gain

The York county gain is shown as 16,516, or 9.28 per cent. Its population was 178,022 in 1940 and is now 194,538.

The population for the entire state passed the 10,000,000-mark, according to the Department of Commerce figures, with a total of 10,238,012, as compared with 9,900,180 at the time of the last federal census. This is a gain of 3.4 per cent.

Losses of 15.05 were shown in Lackawanna county; 6.86 per cent in Schuylkill and 6.27 per cent in Luzerne county.

The population of Philadelphia moved beyond the 2,000,000-mark with a total of 2,096,266 as compared with 1,931,334 in 1940.

Edward I. Reese, 28-Year Old McSherrystown Railroader, Is Killed By Freight Early Today

Edward I. Reese, 28, of 162 Second street, McSherrystown, a flagman employed by the Western Maryland railroad, was killed early this morning when he was struck by a freight train at Berlin Junction.

Reese, member of a crew of three which had taken a locomotive from Hanover to the junction to wait for a regular freight train and act as "pusher," was found beside the tracks after the freight had passed. He was rushed to the Hanover hospital, where he was pronounced dead upon arrival.

Coroner Lester J. Sell, of York county, said he suffered a fractured skull, fractured left leg and also lacerations of his head, arms, legs and body.

Found By Crew

Reese's body was found by Guy D. Plank, Hanover, engineer of the

COUNTY WHEAT IS NOT BEING BOUGHT HERE; SLOW DRYING

Adams county's farmers, who are growing a bumper crop of wheat this year, are finding difficulty in disposing of the crop.

The C. M. Wolf warehouse this morning announced it was not purchasing wheat until it is able to move that which it already has on hand and asked that the price listed in The Gettysburg Times be removed until movement of the grain can begin once more.

D. H. Sharrer and sons, New Chester, reported that it is handling only the grain of those with whom it had made commitments, and that its four huge concrete elevators are jammed with 30,000 bushels of wheat. An additional 2,000 bushels are in bins at the warehouse.

The Sharrer Littlestown mill, however, was still able to send out about a carload a day to Philadelphia, but both Sharrer and Wolf said that the Baltimore elevators which usually handle the county's grain crop are not at present accepting wheat.

High Moisture Content

The reason given is the high moisture content of the wheat which has strained the facilities for drying at the larger elevators in Baltimore and Philadelphia, local millers and railroad men said.

Not one carload of grain has left Gettysburg this season, the local Western Maryland freight office said today, although there are a large number of cars available for the shipment.

Because wet wheat must be moved quickly or it will spoil en route, railroads and elevator operators at the principal cities have worked out a system whereby no carload of wheat may be shipped without a permit. (Please turn to Page 6)

Cars Collide Here; Accuse One Driver

Cars operated by George W. Taughinbaugh, Biglerville R. 2 and P. W. Baldwin, 756 South Washington street, collided this morning at 9:15 o'clock on North Washington street.

Chief of police Robert C. Harpster, who investigated, said that Baldwin pulled out from the curb into the path of Taughinbaugh, who was driving north on the street, Taughinbaugh laid a charge of failing to signal before Justice of the Peace John H. Baschore against Baldwin. Damage was \$55 to the Taughinbaugh car and \$65 to the Baldwin vehicle.

Rescue Clutch Strangles Singing Canary In Chicago

Chicago, July 31 (AP)—Butch, a three-year-old canary, flew out the window of his home yesterday and perched on a ledge below the roof of the Chicago avenue police station—next door.

Walter Smilor said Butch had developed into a fine singer since he acquired him in 1944. He never strayed from home until he got the wanderlust while Smilor was cleaning his cage.

Fifty policemen gave Smilor, 58-year-old window washer, advice on how to rescue his canary. So did many of the scores of pedestrians who stopped to watch. Smilor whistled and cooed but Butch wouldn't budge from his perch. But he kept on singing—for his big-gest audience.

The fire department said it

couldn't tie up fire equipment to rescue a canary. The Anti-cruelty society also reported it couldn't help.

Finally Smilor and Detective Thomas McManus went to the roof and tied a rope to Butch's cage. McManus, who weighs 240 pounds, held Smilor's legs while Smilor leaned over the roof's edge and dangled the open cage in front of the canary.

Butch ignored the lure. But as he suddenly flew upward Smilor grabbed him. There were cheers from the street below.

But they did not know that Butch had given his swan song. Smilor had grasped the canary too tightly when he caught him. Butch, with a song in his tiny heart, was crushed to death.

"pusher" locomotive, and J. H. Klunk, Hanover R. 3, the fireman.

The "pusher" left Hanover and arrived at the junction. Coroner Sell said, at 3 a. m. It had an hour's wait for the freight train, which was not due until 4 o'clock. Plank and Klunk remained in the cab of the engine. Sell said, but Reese got down and was believed to have been sitting on the track when he was struck by the locomotive of the freight train.

There were no witnesses to the tragedy, but Coroner Sell said it was believed Reese might have dozed or fallen asleep, and did not hear the approach of the other train. His body was found about four feet from the rails.

Body Is Released

Reese's job, Coroner Sell said, was to throw a switch after the freight train had passed, so the "pusher" engine could move up behind the freight and help it into Hanover. The freight train had been scheduled to pick up a number of heavily-loaded cars at the Bethlehem mines.

Coroner Sell said he had not decided whether an inquest would be held. The body was released to the J. T. Kerman funeral home, McSherrystown.

Mr. Reese was a veteran of World War II. At one time he had been employed as a steward at the Veterans of Foreign Wars home in Hanover, Coroner Sell said.

He is survived by his mother, Mrs. Annie Myers, with whom he made his home; three brothers, Richard, Raymond and Henry Reese, all of McSherrystown, and two sisters, Mrs. Edward Hiner, Spring Grove, and Mrs. Frances Storm, McSherrystown.

Funeral services at 9 o'clock Saturday morning at the home of his mother, and burial in St. Mary's church, McSherrystown. Friends may call at the home Friday evening from 7 to 9 o'clock.

CUMBERLAND TO GRADE SCHOOLS, BOARD DECIDES

The Cumberland township school board Wednesday night voted to grade the five schools in the township and to install electric lights in the schools "which they saw necessary," the board's secretary, Emory A. Fox, announced today. Previously all eight grades were taught in each school.

Teacher assignments were made as follows: Round Top, Miss Frances Gilbert; McCurdy's, Mrs. Mary Trout; Pitzer's, Mrs. Elsie Swisher; Belmont, Mrs. Elizabeth Group; and Boyd's, Miss Maud Pensyl.

The grading decision was reached at a meeting held at the home of Secretary Fox at which President Howard Waybright presided.

Pupil Distribution

Under the new set-up Grades 1, 2 and 3 in the lower half of the township will attend Round Top, 4, 5 and 6 Pitzer's and 7 and 8, McCurdy's. In the upper half of the township grades one through four will be taught at Boyd's and five through eight at Belmont.

Secretary Fox said that the board's decision came after thorough investigation of the possibility of sending the youngsters to Gettysburg as requested by patrons of the schools at a recent meeting in Barlow.

The investigation disclosed, Fox said, that the best arrangement for the good of the students and township under the existing circumstances was for the schools to be graded and the youngsters kept in the township at present.

Property Transfers

C. Raymond and Sybil Michener, Buck Hill Falls, and Anna M. Michener, Washington, D. C., have sold to Lawrence M. and Lena K. Wright, Bendersville, a property in Bendersville.

Heirs-at-law of Sara C. Cline, late of Hamiltonban township, sold to G. Emmett and Helen T. Walker, Hamiltonban township, a property in that township.

W. Ervin and Anne B. Jordan, Straban township, sold to C. M. Wolf, Straban township, two properties containing 16 acres in that township.

Guy A. and Fannie A. Staub, New Oxford, sold to Francis B. and Regina Pauline Renaut, Hanover, a property in Reading township.

DONATE RING BUOY

The Adams county Red Cross today announced plans to send a ring buoy to be used for life saving to Dick's Dam association. The association plans to place the buoy where the largest group of swimmers congregate and to purchase additional buoys for location at other sites along the stream near the dam.

"Booby Trap" Blasts Bodies Of 2 Men Who Were Hanged

By EDWARD CURTIS

Jerusalem, July 31 (AP)—The bodies of two young British sergeants kidnapped as hostages by Irgun Zvai Leumi were found hanging today from two eucalyptus trees and were blasted to bits by a booby trap when British soldiers started to cut them down.

In Jerusalem, top Palestine government officials met to map a rigid campaign against underground violence. One official said plans under consideration included a demand upon the Jewish agency to cooperate actively in stamping out underground attacks.

(In London Prime Minister Attlee placed the entire Palestine situation before his cabinet.)

Search For Mines

When soldiers started to cut the bodies down after an hour-long probe for mines, the booby trap exploded behind the body of Sergeant Mervyn Paice and scattered the pieces over a wide area.

The blast wounded one grenadier guardman in the face and threw several bystanders to the ground, including Photographer James Pringle and Correspondent Carter.

Local Cadets In Parade On Friday

The final review parade for 750 cadets of the Reserve Officers' Training Corps at Fort George G. Meade, Md., which will include ROTC members from Gettysburg college, will be held Friday at 9:30 a. m., Second Army Headquarters at Fort Meade announced today.

ROTC members from Gettysburg and 36 other colleges, military schools and universities from 16 states covering the First and Second Army areas are represented in the summer encampment which has been in progress for the past six weeks.

During the ceremony at Fort Meade approximately 40 of the 72 cadets who have completed their work for admission to the Officers' Reserve Corps will receive reserve commissions from Col. John C. Whitcomb, school commandant.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Harry Dick, 215 Chambersburg street, announce the birth of a daughter at the Warner hospital Wednesday evening.

NOW IN ARIZONA

Mr. and Mrs. O. S. Heltzel and daughters, formerly of Granite Station, have reached Phoenix, Ariz., where they are spending some time.

Hagana, that the bodies were in the area, was on the scene when the blast occurred.

Tight-lipped and obviously fearing his report city once again would come under military rule, he declared: "This is the most brutal crime they have done yet. All we've built and prayed for now lies in the dust."

Military personnel in the Natanya area, hearing the circumstances in which the bodies were found, hastened to bases.

"There will be some searches," one military source said, "and the populace may be inconvenienced a bit, but no military control is planned, at least for the present."

"Brutal Crime"

Natanya's mayor, Oved Ben Ami, who had received information from the moderate underground group,

SGT. MERVYN PAICE

SGT. CLIFFORD MARTIN

L. Davidson, both of the Associated Press.

Pinned to the bodies of the two sergeants were "communiques" in Hebrew, telling of the "arrest" of the men, their "trial, conviction and execution in the name of the Jewish struggle for a homeland." The inscriptions told how pleas for clemency were rejected at the "military trial."

Crude Strangulation

The killings, the inscription said, were carried out as "a military execution by the Jewish resistance to the enemies of our homeland."

The contorted features of the two sergeants indicated that their deaths had been caused by strangulation by crudely fashioned nooses. The ropes were looped around limbs close to the trunks of the trees. The men's hands had been tied behind their backs and their feet had been wired together. The sergeants' shirts had been used to blindfold them. Their underclothing and army trousers were stained with blood which poured from the gashes cut into their necks by the half-inch ropes.

The booby trap exploded as grenadier guardmen attempted to cut down Martin's body. The blast echoed throughout the historic forest preserve in the plains of Sharon, scene of many battles of Biblical times.

Social Happenings

Phone Gettysburg 640 or Biglerville 8

Philip R. Bickle, West Lincoln Avenue, is in Atlantic City for a few days.

Dr. and Mrs. C. H. Huber, Carlisle street, and their daughter, Mrs. William Miller Welch, and son, William, Philadelphia, have returned from a trip to Lake Champlain, Vermont.

Mr. and Mrs. Charles Garland left today for their home in Dayton, O., after a visit with Mrs. David Blocher, West Middle street.

Mr. and Mrs. B. F. Davis and son, Dr. Robert E. Davis, M. Lebanon, Pittsburgh, and Miss Jean Horton, New Kensington, who were en route home from a vacation at Ocean City were overnight guests this week of Mrs. Davis' brother-in-law and sister, Mr. and Mrs. Edmund W. Thomas, West Lincoln avenue.

Dr. and Mrs. Bruce N. Wolff, Springs avenue, and Mr. and Mrs. Joseph E. Codori, York street, have returned from a vacation spent at Ocean City, N. J.

Mrs. Harold Mumper, St. Davids, spent some time this week at her home on Baltimore street. She had accompanied her daughter, Barbara, here for a two-week stay at Camp Nawakwa.

Mr. and Mrs. William Bushman and children, Nancy and William, Baltimore road, have returned after a fishing trip to Dalhousie Lake Canada.

Prof. Fred Tröxell, Baltimore street, attended sessions of the superintendents and principals of schools conference in State College Wednesday. He was accompanied by Mrs. Tröxell and by Mrs. Warren K. Enck and Mrs. Charles E. Raffensperger, of Biglerville, who spent the day with the Rev. Dr. and Mrs. Warren Hess.

Miss Julia Peters entertained the members of the Wednesday Evening Bridge club this week at her home on York street. Miss Margaret Stauffer was an additional guest. The next meeting will be held in two weeks with Mrs. Myles Klein-elter, East Broadway.

Mr. and Mrs. Burton Wolff and children, Keith, Pamela and Suzanne, of Hershey, are spending a vacation with Mr. Wolff's mother, Mrs. W. E. Wolff, Chambersburg street.

Mr. and Mrs. George Staley, of York, recently visited Mrs. Staley's brother and sister-in-law, Mr. and Mrs. Chester Lawrence, and also her sister, Miss Marie Lawrence, Gettysburg R. 3.

Col. and Mrs. Welton Modisette, of Coral Gables, Florida, were luncheon guests of Mr. and Mrs. Murray B. Prazee, Howard street, Tuesday.

Ralph E. Arnold has moved from one apartment at the home of Mrs. H. B. Bender, Baltimore street, to the apartment in the same building vacated last week by Mrs. Walter T. Africa. John W. McIlhenny has moved from Carlisle street into the property vacated by Mr. Arnold.

John S. Rice, of Caledonia, has returned from a western business trip.

Engagement

Smith-Ackerman

Mr. and Mrs. Paul Ackerman, 351 Ridge avenue, McSherrystown, have announced the engagement of their daughter, Louise B., to Arthur J. Smith, son of Mr. and Mrs. Emory Smith, New Oxford R. 1. The wedding will take place in September.

News Briefs

Los Angeles, July 31 (AP)—Farmer Henry (Hap) Arnold, also known as General Arnold, wartime chief of the Army Air Forces, found he had to take his chances, just like anyone else, when he bid for a \$675 war surplus tractor to use on his Sonoma county, Calif., farm.

The War Assets administration said there was another application on file for the tractor so a drawing was conducted. The general won.

Philadelphia, July 31 (AP)—William P. Rowland, 74, chief clerk of the Third U. S. Circuit Court of Appeals, died at his home this morning after an illness of two weeks. Rowland served 18 years as deputy clerk of the court and the same number as chief clerk.

Philadelphia, July 31 (AP)—Two policemen took a lot of trouble, and some risk, last night to rescue a rattlesnake.

A South Philadelphia woman reported "something suspicious" and Patrolmen John Garry and John McGinnis found the five-foot rattler quivering in the middle of the street. With the aid of a long stick they maneuvered the reptile into a box which they carefully sealed before delivering to the SPCA lost-or-trayed shelter.

Residents said an Indian vendor of snake oil recently made the rounds of the neighborhood.

Paris, July 31 (AP)—French officials today tentatively blamed a lightning flash for a fire which last night swept through a third story room of a women's prison here, resulting in the death of 22 of the inmates.

The officials said that lightning apparently had struck a chimney of the four-story stone-building—a former army barracks—igniting several boxes of celluloid and acetone, used in connection with the manufacture of cheap jewelry.

Pittsburgh, July 31 (AP)—A 19-month old Tarentum baby died in the Allegheny Valley hospital last night after swallowing kerosene his grandmother spilled on him. Coroner William McClelland reported.

The baby was George W. Stevens, Jr., of RD 2, Tarentum. The coroner reported the child's grandmother slipped while filling kerosene lamps and poured the fluid on him.

Harrisburg, July 31 (AP)—Pennsylvania will get "as rough as it is necessary to be" to back up the commonwealth's stream cleanup program, Governor James H. Duff said today.

Announcing appointment of Lee McCannless, former district attorney of Butler county, as a special prosecutor in a case of pollution of the Allegheny river, Duff told reporters it was the first of several of such actions planned to obtain compliance with the Pure Stream law.

Washington, July 31 (AP)—President Truman signed today a \$502,123,912 appropriations bill for flood control, navigation and other non-military activities of the War Department including five Pennsylvania flood control projects.

Pittsburgh, July 31 (AP)—Lloyd B. Portzer, 26, of Ridgway, Pa., has been charged with mailing a threatening letter to E. J. Blatt, Elk county district attorney, the Federal Bureau of Investigation reports.

Greenville, Pa., July 31 (AP)—The Rev. Dr. Charles E. Schweikert, Lutheran minister, announced he will retire September 1 after 50 years in the ministry. His post here as pastor of the Mercer county parish, which he has held 27 years, will be filled by the Rev. J. C. Klingensmith, pastor of St. Paul's Lutheran church at DuBois for 23 years.

London, July 31 (AP)—King George VI, carrying out an old ritual, gave formal consent before the Privy Council to the marriage of Princess Elizabeth and Lt. Philip Mountbatten.

Under the Royal Marriage Act of 1772, Princess Elizabeth—not as heiress to the throne, but as a descendant of George II—was required to ask her father's permission to marry, and permission had to be "declared in council" before her marriage could take place.

MARRIAGE LICENSE

A marriage license was issued this morning at the court house to Donald L. Reese, son of Mr. and Mrs. Edward J. Reese, McSherrystown, and June I. Baublitz, daughter of Mrs. Jacob Baublitz, Hanover.

TO GIVE CONCERTS

The New Oxford high school band will play at a festival at Red Mount Saturday evening and at "The Pines" Saturday evening, August 9, the New Oxford school announced today.

A single alcoholic drink may lower acuity of vision.

CLAIMS RAILS OVERCHARGED; ACTION FILED

Washington, July 31 (AP)—Attorney General Clark in a new complaint today accused more than 900 railroads of collecting "unjust and unreasonable" rates on wartime shipments of steel airplane landing mats.

The action was filed with the Interstate Commerce Commission. The government is asking reparation for alleged overcharges on the landing mats moved from eastern shipping points to Pacific coast ports between January 1, 1942 and June 30, 1946.

The justice department announcement said "thousands of carloads" of landing mats were involved. The petition to ICC states the exact amount of money sought to be recovered is "not presently ascertainable."

Other Charges

The complaint is another in a series which Clark has made before the ICC concerning wartime freight charges.

In one of the earlier actions, he alleged that the government had been overcharged on shipments of aluminum landing mats.

Such mats were fabricated in this country in the form of broken down strip which were shipped overseas for assembly in remote areas to provide quick landing fields for air operations.

In connection with today's complaint, Clark said that "in the midst of the war the railroads refused the government's request for rates on these landing mats equal to that accorded other articles made from iron and steel."

"Accordingly, the government was required to pay, in many instances, more than six times as much as any other shipper for the equivalent transportation of similar iron and steel articles."

80 TRAFFIC DEATHS A DAY

Chicago, July 31 (AP)—Traffic accidents in the United States killed an average of 80 persons a day from January 1 to July 1, figures released by the National Safety council disclosed today.

The council said there were 14,480 traffic fatalities in the first six months—181 days—this year, nine per cent less than for the corresponding period in 1946. Of the total 1,490 were killed in June, an increase of five per cent over June, 1946.

However, the council said, the traffic situation was "pretty well in hand." It said the total in June was eight per cent less than in May; there were 20 per cent fewer deaths in June this year than in June, 1941, the year an all-time high in traffic fatalities was set, and that travel is on the upswing, with indications the mileage death rate for the first five months is about five per cent less than last year.

Of 41 states submitting traffic reports, 29 showed decreases in traffic deaths during the first six months this year. Among the states, and the percentage decrease reported were New Jersey, 7; and Pennsylvania, 12.

Italian Beans Found Delicious

A variety of yellow string beans brought back from Italy in 1944 by a G. I. from Virginia is producing a tremendously large beans in a Biglerville garden.

Reminiscent of "Jack and the Beanstalk" are the beans in the garden of Charles Boyer, East York street, Biglerville. The vines, which are thick with beans, have climbed to the top of seven and one-half foot poles and then reversed and climbed down again. The beans measure up to 1 1/2 inches in length.

Not only are they large and plentiful, but reports from those who have eaten the beans state that they are "delicious and tender."

The seed from the beans, after being brought from Italy, were planted in 1944. Some of those beans were planted and seed from that planting was given to Mrs. Boyer's father, J. W. Simmers, of Dayton, Va. Mr. Simmers gave some of the beans to his son-in-law and daughter this year and judging by remarks from other gardeners in the Biglerville area, there will be a number of other plantings of the Italian beans this coming year.

TRANSFERRED HERE

Charles H. Huber, Jr., Carlisle street, has been transferred from Johnstown to Gettysburg and will be in charge of the explosives department of the eastern territory of the duPont company.

REUNION SUNDAY

The annual Funf reunion will be held at Sheffer's park, Biglerville road, on Sunday, August 3.

STRANGE LOOT

Wilmington, Del., July 31 (AP)—Thieves who broke into the taproom of Carroll Emerson at nearby Tybouts Corner selected these items of loot: One Hundred bottles of whisky, a 450-pound safe containing \$1,500—and four antique blunderbusses.

A single alcoholic drink may lower acuity of vision.

Upper Communities

GROWERS VIEW

(Continued from Page 1)

35 gallon pump of Cameron Hoffman.

Hartman At Mike

A 25 gallon pump of O. H. Rice and Son; a mist duster by the Biglerville Packing and Distributing company; a fertilizer distributor by the American Fruit Growers company, a large and a small fertilizer distributor by the Biglerville Packing and Distributing company; an orchard disc harrow by Cameron Hoffman; a cut out disc and hole digger by Wolff Supply company; a chain saw by Lake Coulson; a cub tractor play by Wolff Supply and an airplane dusting demonstration by Chris D. Stoltzfus, Coatesville.

During the course of the afternoon a number of men and women in charge of the various indoor displays were called to the microphone to tell of their supplies. M. T. Hartman acted as master of ceremonies for their talks.

One building at the fair grounds was given over to displays by National Fruit Product, C. H. Musselman company, Ortanna Canning company and Adams Apple. All of the processors had on display the various types of canned and frozen food products put out under various brand names by the companies.

Crowd Numbers 2,000

The Ortanna Canning company in addition had an apple pie and a cherry pie, freshly baked, on display as "America's favorite dessert." The National Fruit company had a number of pictures showing the processing steps at the plant. Jars of Jellies in the C. H. Musselman company display spelled out the word "Musselman."

Girl Scouts, Boy Scouts and the Senior Extension club members kept busy throughout the day selling refreshments with the profits from that enterprise to go to the three organizations.

The afternoon crowd was at least twice the number present for the morning session. A count made up to 2 p. m. showed 1,300 people had entered the park and at least 700 more arrived after the count had to be concluded.

Miss Lelitia Handsberry, of Germantown, is a guest of Mr. and Mrs. Paul Burgoon, of Arendtsville.

Miss Elaine Hildebrand, of York, returned home Wednesday after spending some time with her brother-in-law and sister, Mr. and Mrs. John Breighner, Ditzler apartments, Biglerville.

Mr. and Mrs. Eugene Peeler and daughter, of Kannapolis, South Carolina, are spending a vacation with Mrs. Peeler's parents, Mr. and Mrs. Harry Rouzer, of Guernsey.

The Young People of Christ Lutheran church, Aspers, will present a musical program Sunday evening at 7:45 o'clock at the church. The public is invited to attend.

The Rev. and Mrs. Henry W. Sternat and daughter, Miss Dorothy Sternat, of Biglerville, have returned from a vacation spent at Ocean City, New Jersey.

Mr. and Mrs. Charles Jester, of Pittsburgh, were recent guests of Mr. Jester's brother and sister-in-law, Mr. and Mrs. W. Clayton Jester, Heidelsburg road. They were en route to the Eastern coast for a vacation and were accompanied there by their daughter, Miss Nancy Jester, who had been with her uncle and aunt for a number of weeks.

The Rev. and Mrs. Nevin R. Frantz and sons, Nevin, Jr., and Jack, were included in the party from Trinity-Bender's Reformed church, Biglerville, who visited at Camp Michaux, Pine Grove, Sunday.

Special services will be held Sunday evening at 8 o'clock at the Toland Mission on the road to Pine Grove Furnace. There will be in-arrimba music by Miss Nancy Brubaker and Robert Brubaker. The Rev. Evan Sheaffer, of York, a student at Bob Jones college, will be the special speaker.

Mr. and Mrs. Clyde Heller will move from Gettysburg Friday to the Lady property on Fourth street, Biglerville, which was vacated this week by Mr. and Mrs. Willis Weigle who moved to the property which they purchased from Mr. and Mrs. Charles Reed.

Mr. and Mrs. Richard Culp have moved from Carlisle to the Milne apartment on South Main street, Biglerville, recently vacated by Mr. and Mrs. John Sauter who moved to their recently purchased farm.

Members of the CHM club, composed of personnel from the C. H. Musselman plants and farms, will meet Friday afternoon at 5:30 o'clock at the public park near the Carlisle YMCA grounds at Laurel lake for a picnic consisting of refreshments, boating, swimming, softball, horse shoe pitching and other sports.

Wives and sweethearts will be included in the guests. In event of rain, the meeting will be held at the Clyde Orner cabin adjoining the park.

ANNOUNCE DATE

(Continued from Page 1)

suitable cases as requested by the doctors of the staff.

Requirements for admission were listed today by Mr. Doud as follows:

Qualifications Listed.

Applicants must be between 18 and 45 years of age; must have completed at least two years of high school; must furnish letters of recommendation and before entering must undergo medical examination given by a physician appointed by the hospital.

The course will include a wide range of subjects, including hospital routine and "getting along" with people; hospital housekeeping; application of health standards to self, community and home; general nursing; drugs and solutions; body structure; diseases of the body; surgical work; nutrition and cookery; convalescent nursing; nursing of children, mothers and babies; first aid and bandaging.

"The applicants upon graduation will find," Mr. Doud said, "that there is a definite demand for the services which they will be prepared to render, both in the hospital and in the care of patients at their homes."

Application blanks for the course are available upon request, at the hospital. All information required of the applicants must be available at the time of the interview, and all interviews must be accomplished by September 6.

Moonshining In State Decreases

Washington, July 31 (AP)—If Internal Revenue Bureau seizures of stills are an indication, the moonshining business in Pennsylvania is suffering a hangover.

A bureau report shows that only one still was seized in the state during June. What's more, it had a capacity of only five gallons a day.

In June, 1946 the bureau's agents seized four stills with a daily capacity of 35 gallons. In June, 1940 the seizures totaled 31 stills with a daily capacity of 335 gallons.

Hungry Couple Is Given \$6 Reward

Pittsburgh, July 31 (AP)—Robert Peasner, 19-year-old navy veteran, is convinced it pays to be honest even when you're hungry and find a wallet containing \$96.

Peasner and his 18-year-old bride, Charlotte, had no breakfast yesterday when they came upon the wallet while trudging from bank to loan company trying to borrow \$250 to buy furniture in an apartment they sought to lease.

The young veteran told police Lieut. Lawrence Maloney the \$96 looked mighty big.

"I said to Charlotte, 'Maybe we could buy a lunch and then return the rest,' but she said, 'No, we'll take it all to the police station.'"

The owner of the wallet claimed her money and gave the Peasners \$6 with which they bought lunch. Then they started out again to borrow that \$250 for furniture.

NAMED TO POSITIONS

The Hanover school board acted Wednesday evening to employ Vernon Frazier and Earl Cashman, both of New Oxford, at \$225 per month each as maintenance men and painters for the school district.

AT SCHOOL MEETING

Ivan R. Mechtly, supervising principal of the New Oxford public schools, is attending the annual Superintendents and Supervising Principals conference at Pennsylvania State college this week.

Little Gifts in Brilliant Crystal to Please Everyone

Here master craftsmen have created a design which brings out the quaint charm of precious colonial heirlooms, plus a radiant brilliance unobtainable in early American days.

From where I sit ... by Joe Marsh

Jane Cupper's "Daring" Bathing Suit

The Cuppers showed me some tin-types of their nineteen-ten vacation—picnicking on the beach with beer and pretzels, in bathing suits that made them look like they were dressed in street-wear.

Dee was smothered in a long-sleeved pull-over with knee length shorts, and looking embarrassed—as if he thought Jane's costume of a heavy blouse, two copious skirts, and long black stockings was a little daring.

We laughed a lot at those costumes ... but come to think of it,

as Dee says, we'll probably look just as funny twenty years from now, in what we call our "Modern" clothes. Only thing that won't change in the picture is that melon, wholesome glass of beer.

From where I sit, tolerance that lets us wear sensible, decent clothes—to give us sun and air and freedom—will keep that wholesome glass of beer a part of the American tradition.

Joe Marsh

Littletown	5	6	.455
Fairfield	5	8	.385
McSherrystown	5	9	.357
Gettysburg	1	12	.077

Wednesday's Score
Orrtanna, 2; Bendersville, 1.

Bendersville failed in its chance to cop the first half championship of the Adams County Baseball league when it dropped a 2-1 decision to Orrtanna in a well-played game before a big crowd Wednesday evening at Orrtanna.

As a result of the loss Bendersville must now play a postponed game at Littletown. Bendersville can take the honors with a win over Littletown but a defeat would create a four-way tie between Bendersville, Hanover, Arendtsville and Orrtanna for first place and several playoffs would be necessary.

Orrtanna clinched the game in the first inning. After two were out, H. Deardoff singled and stole second base. He scored on Doyle Rebert's double to left. Clark Rebert followed with a single to left center to score his brother.

Bendersville retaliated with a run in the second. Fidler doubled and scored on Lawver's single to center.

Pitcher Rebert's four-hit triumph was his second straight four-hit win.

Merle Baumgardner, Bendersville third baseman, suffered a sprained ankle during the game.

County Cagers To Meet On Friday

All teams of the Adams County Basketball league of last season are urged to have representatives present at a meeting to be held Friday evening at 8 o'clock at the American Legion home on Baltimore street.

Portfeit money from last season will be returned and it is probable discussion will be held on the re-organizing for the coming season.

GUS LESNEVICH PUTS MAURIELLO OUT OF RUNNING

By SID FEDER

Brooklyn, July 31 (AP)—It would be a nice thing for Joe Louis to sit down today and drop lightweight champion Gus Lesnevich a note of thanks for being just about the best "bumper" a fellow ever had, next to the one on the front end of his 16-cylinder de luxe jalopy.

Gus deserves it, not only because he's easily the most improved fighter to come out of the armed forces, but also because he's done both Joe and Gus H. Fan a couple of very nice favors, indeed, here lately.

Last May, for instance, when Lefty Mello Bettina was being talked up loudly as a possible contender for Louis, Gus punched Lefty Mello into what the trade calls a "transom" in exactly 59 seconds to remove him from the premises. And it is no secret that Louis likes southpaws only slightly less than he likes the income tax man—which is not at all.

Convincing Beating
And last night, Gus did it again over here in Ebbets field before some 24,000 customers and amid the little green bugs that always grow in Brooklyn at outdoor fights. This time he took on Tami Mauriello, the chubby Bronx barkeep, for the benefit of the Damon Runyon memorial cancer fund. He played the bass drum on the round tummy of Tami for a good part of the evening. He staggered Tami three times and he pounded out a convincing ten-round decision to win.

Up to then, Tami was being mentioned for a Louis shot, in spite of the fact Joe caved the roof in on him in a round last September. Last night's proceedings didn't even leave a rumor of such a rhubarb.

Now, Gus figures it's all well and good spotting these overstuffed divans large chunks of weight—last night he gave Tami 18½ pounds. But he's about made up his mind it's about time to try on a little man for size again.

So, he's talking over a possible defense of his light-heavyweight crown in September in Cincinnati against—hold your hats, folks—Jake Lamotta, the fire hydrant with the cement chin from the Bronx. Sure, Jake's only a middleweight, but most of the 160-pounders shudder and jump into their holes at the mere thought of fighting him.

Record Crowd Sees York Win Ball Game
(By The Associated Press)
The Sunbury Yankees ended a 14-game losing streak last night by winning the nightcap of an Interstate league doubleheader from the league leading Allentown Cardinals 5 to 2 after dropping the opener 3 to 2.

In another double bill Trenton won two games from the Hagerstown Owls, taking the opener 5 to 4 in eight innings and the nightcap 10 to 6. The second game was a pitcher parade with Trenton using four and Hagerstown two.

York gained an 8 to 3 victory over Wilmington before a record local crowd of 3,434 fans. Winning Hurler Ron Cook was touched for 11 hits while striking out seven.

Lancaster captured its seventh straight win, six since acquiring a new manager, by defeating Harrisburg 1 to 0 in a pitching duel.

Today's games: Lancaster at Harrisburg; Allentown at Sunbury; Trenton at Hagerstown; Wilmington at York.

Eastern League
(By The Associated Press)
The Elmira Pioneers buried the Scranton Miners, 9-2, last night in an Eastern league game stopped just before the top half of the fifth inning ended and resumed one hour and fifty minutes later.

At Williamsport, the Tigers record their second straight triumph over Wilkes-Barre, and the Barons dropped from second to third place as Albany moved into the runner-up spot with a victory over Binghamton.

Williamsport won 7-4, and Albany, 7-3, in a game ended by rain at the start of the seventh inning.

The league-leading Utica Blue Sox meanwhile, slammed out a 13-3 triumph over Hartford, their 10th win in 17 tries against the Chiefs.

Yesterday's Stars
(By The Associated Press)
Pitching, Monte Kennedy, Giants—pitched four hitless relief innings to get credit for the victory as the Giants snapped Ewell Blackwell's 16-game winning streak with a 5-4 triumph over the Reds.

Batting, Pee Wee Reese, Dodgers—singled with two out in the top of the 10th to drive in Gene Hermanski with the run that defeated the Cards 11-10 in one of the most thrilling games in many seasons.

LIGHTWEIGHT BOUT APPEARS EVEN CHOICE

Philadelphia, July 31 (AP)—The lightweight championship bout between Bob Montgomery and Ike Williams is only four days off and it looks like the boxing experts will be faced with an old choice—youth or experience?

There appears little to choose between Williams—National Boxing Association champion—and Montgomery, New York-Pennsylvania version lightweight champ. Both battlers are equipped with the power to end the fight early. Montgomery has four extra years of ring craft to fall back on, while Williams has the stamina of youth.

What do those who have had close contact with both fighters think? Well, here's a bird's eye view.

Lew Tandler, who twice fought the late Benny Leonard for the title in the lightweight division, watched Montgomery workout at his Pleasantville, N. J., camp and commented:

"I'm picking Ike because he's younger. But I hope I'm wrong. I'd like to see Bob win."

"Williams has got everything a champion needs. He's a more clever ringman than Montgomery. I know Bob's a better fighter, but I've got to like Ike. Youth has to be served."

Then there is Connie McCarthy, former manager of Williams. McCarthy admits he has no love for the NBA titleholder who shunted him off after winning the crown. But McCarthy, the violent fellow from hell's kitchen's roaring acres of concrete in New York, says he fancies Montgomery's changes only after a cold analytical study of both contestants.

Says McCarthy: "Bob has the experience of those three tough title bouts with Beau Jack. He also defended his title against Allie Stoltz and Wesley Mounzon. Knocked 'em both out. He's hard to beat when it counts most."

And that appears to be the general consensus around this fight conscious city these days. What'll

Stymie Wins Again, Will Keep Him Racing

Boston, July 31 (AP)—After watching Stymie, his \$1,500 claim as a juvenile, extend the turf's all-time earnings record to \$719,660, Trainer Hirsch Jacobs today vowed he would keep his six-year-old stretch-running chestnut in action until "he grows a beard."

"I'll race him as long as he stays sound," Jacobs promised after his bread-winning Equestrian-Stop Watch offspring turned the 13th running of the \$50,000-added Massachusetts Handicap into something resembling a walk-off, despite his ambitious rivals that were sent out to try to steal New England's richest purse.

Closing at 1-5, with \$139,468 bet on him to show, Stymie, with canny Conn McCreary aboard, got off last and remained so during the first six furlongs of the mile and a furlong route that he turned in 1:50 flat.

Fights Last Night

(By The Associated Press)

Brooklyn—Gus Lesnevich, 178½, Cliffside, N. J. outpointed Tami Mauriello, 197, New York, 10. (Non-title).

Miami, Fla.—Ernie Pelais, 145½, Beaver Falls, Pa. outpointed Oswaldo Silva, 152, Brazil, 10.

New York (Jamaica arena)—Fredie Addeo, 144½, Brooklyn, outpointed Al Hersch, 151½, New York, 8.

Troy, N. Y.—Leon Shepherd, 154, Brooklyn, knocked out Sidney Miller, 159, Youngstown, 4.

Pittsburgh—Charley "Young" Zivic, 152, Pittsburgh, outpointed Sammy Secreet, 146, Cecil, Pa. 10.

Young Zivic Beats Veteran Sam Secreet
Pittsburgh, July 31 (AP)—Charles (Young) Zivic of Pittsburgh whipped Sammy Secreet, Cecil, Pa., veteran boxer, over the 10-round route in Zivic arena last night.

The last time the two fighters met, Secreet took all the play, but last night Zivic set the pace and kept it up the full 10 rounds. A crowd of 3,297 saw the judges give Zivic, 146, a unanimous decision. Secreet weighed 152.

In another fight, Johnny Komlo, 159, Waynesburg, Pa., won his second

Johnny Clement Signed By Steelers

Pittsburgh, July 31 (AP)—The Pittsburgh Steelers of the National Football league today signed Johnny Clement, halfback, to a 1947 contract.

Clement last season was understudy to Bullet Bill Dudley, the league's leading ground gainer, and is slated for a regular berth next season. He was the 54th player signed up.

The Steelers also announced that pro triumph over Roy Crews, 154, Ellwood City, Pa., (4).

Today's Talk
ART AND LIFE
William Blake, the English painter and poet was a genius of the highest rank, though many considered him insane, because of his very positive views. Yet, the poet Wordsworth said of Blake: "There is something in the madness of this man which interests me more than the sanity of Lord Byron and Walter Scott." And Swinburne said of him: "This man had never lived in the low places of thought."

Blake looked upon painting, poetry, music, as expressions of Christianity, and even exclaimed that unless you were allied with one of these you could not be a Christian. Perhaps he was right. Certain it is that the very soul is stirred in the hearing of inspired music, and equally by the magic of great painting or poetry.

We must recognize the religious aspect of all art, music, and poetry. Each is inspired by the wonder and beauty of the Earth, of the Seasons, and of the Universe. Art and life are inseparable. Unless we are inspired and warmed in heart by the endless manifestations of beauty that are ours, from many an inspired source, then we are missing out on the most precious gift that life affords.

Why, every day God comes right up out of the ground! Before me are examples of His magic and creative perfection. Some white pansies, and then some others that challenge description, so colorful and perfect in their art and beauty. And there has never been born a human being who could form a simple white daisy with its golden heart.

I would rather have been born with a passion for beauty, and with an emotional appreciation for the simplest wild flower, than to have inherited unlimited material wealth, for all the gold and precious materials in all this earth could not purchase the secret that would produce a single wild rose!

How very much we need to educate our spiritual emotions. To gain delicacy of selection, and discernment in the appraisal of right values in feeling. How very much our taste can be enriched and its standard raised. Without beauty, as expressed in art, poetry and music, and transferred to one's heart, what a hollow thing living would then be, for God, love, and life, are all bound up as one in all of these.

Tomorrow Mr. Adams will talk on the subject: "Diversity of Interest"

CONGRESS OUT BUT MEMBERS REMAIN BUSY
By JAMES MARLOW
Washington, July 31 (AP)—It's still a busy season for lots of congressmen even though the full congress has quit for 1947.

That full congress—it's the full congress which passes laws—won't be back till next January.

So now most congressmen are flocking home where, as usual, they are supposed to learn what the home-folks think of the job they did.

But between now and January plenty of congressional committees, which means plenty of congressmen, will make plenty of do.

Some of the work cut out for the committees will take congressmen to Europe, Asia, Latin America and all over the United States.

Some of the committees' work will make headlines, some will be dull routine.

Some will be in the form of investigations on which congress can pass laws next year.

This kind of between-sessions committee work isn't unusual. It happens after each session ends.

Off On Long Trips
But the number of committees working between now and January is unusually large. And so are some of the trips they'll take.

The House members will be much bigger travelers than the Senators. Members of two separate House committees, the Foreign Affairs Committee and a special 19-man committee—will visit Europe, Asia, Latin America.

They'll get information to be used when the full congress starts talking about help for other nations.

Then there's the business of investigations. In an off-season like this, congressional investigations make headlines.

The Senate war investigating committee is supposed to dig into war contracts and the profits made from them.

At this moment the committee is busy asking questions about Howard Hughes and Henry Kaiser, who took on a big wartime plane contract.

The House committee on un-American activities wants to poke around Hollywood doings to see what influence, if any, the communists have there.

And House subcommittees will be rooting around in the sale of surplus war property and in government publicity.

A couple of subcommittees of the House labor committee will look for any signs of racketeering in the home-building industry and for any labor union misdeeds in Hollywood.

Two special committees made up of both Senate and House members

May Plead Guilty Stealing Of Records
Pittsburgh, July 31 (AP)—Alexander Von Der Luft, 23, charged with taking secret records from the Los Alamos, N. H., atomic bomb project, will be given the option of pleading guilty or no defense here, or of standing trial in Santa Fe, N. M.

will make trips back and forth across the country to look into (A) the whole housing situation and (B) high prices in general.

Seek Farm Program
Then there's the House agriculture committee. It will hold hearings around the country to get information for a government farm program, maybe next year.

The Senate finance committee will collect information on social security and how it's handled.

The House Ways and Means committee will be working on taxes—or, at least, its expert staff will—in case Congress wants to cut or revise taxes in 1948.

And the House committees on the armed services and public works will be putting information together for possible-law-making next year.

U. S. IS LAST 'DEMOCRATIC' POWER NATION
BY DEWITT MACKENZIE
AP Foreign Affairs Analyst
Britain's drastic decision to reduce its global military commitments, in a further effort to overcome the economic crisis gripping the country, is a potent reminder that the United States is the last of the great Democratic powers still capable of fully manning a war-machine—and that U. S. Attorney Owen M. Burns said last night.

Von Der Luft, Princeton university student from suburban Mt. Lebanon, was indicted last July 14 on a charge of removing and concealing records and photographs while on duty as an army sergeant at Los Alamos. He is now free on \$10,000 bail.

Indicted on similar charges was another army sergeant, Ernest D. Wallis, 34, of Chicago.

this can be a mighty lonesome world. England has been America's staunch ally in two world conflicts, and remains the chief base of western Europe for the defense of Democracy. It's tough to see her striking-power reduced even temporarily in these explosive days.

This reduction of military commitments was one of the concessions Prime Minister Attlee promised labor members of parliament, meeting in secret caucus yesterday to listen with critical attention to an accounting of his stewardship. He has been under heavy fire, not only from his conservative opposition but from many of his own followers, because of dissatisfaction with the government's progress in dealing with the economic upheaval.

The Prime Minister defended his position with determination and won a virtual vote of confidence from the caucus.

The Prime Minister is reported not only to have promised to cut down military commitments in Greece, Italy and Germany, but to reduce the number of men under arms and send them back into the ranks of labor to meet the demand for workers. Thus he got over one of the high hurdles.

But that wasn't his only promise. It is said that he will call on Britain's coal miners to work an extra hour daily in order to get the production which is so badly needed to stimulate badly lagging industry. Lack of coal is the crux of the economic crisis. It is suggested that the miners get time and a half pay for overtime.

Advocates of this plan say it would

TWENTY YEARS AGO
C. T. Ziegler and Miss Weikert
Are Married June 1: Charles T. Ziegler, owner-manager of the Blue Parrot Tea Room, and Miss Treva J. Weikert, daughter of Mr. and Mrs. S. D. Weikert, Steinwehr avenue, were married June 1st, at Lebanon, by the Rev. Dr. B. F. Dougherty, pastor of the United Brethren church. The announcement was made Sunday, (July 31), by Mrs. Ziegler on her birthday anniversary.

The marriage ceremony was read at 8:30 o'clock in the morning.

Stevens' Legal Career Is Told
Several hundred persons braved a heavy rain today to attend exercises at Caledonia Park in connection with the unveiling and dedication of a tablet of the reconstructed Thaddeus Stevens furnace.

Judge D. P. McPherson, president judge of the Adams-Fulton bench, was one of the speakers, outlining Stevens' career as an attorney. "Stevens," Judge McPherson said, "was admitted to the Adams county bar in September 1816, only a short time after he began the active practice of law."

Other speakers included: Dr. John A. H. Keith, Dr. H. H. Shenk, William A. Bourne, and Dr. Joseph S. Illick.

W. B. Fleming Is Promoted to Maintenance Engineer of 6 Counties in The State: William B. Fleming, Gettysburg, superintendent of road maintenance in Adams county since 1916, has been promoted to maintenance engineer in charge of six Central Pennsylvania counties, according to an announcement made today.

Mr. Fleming will be succeeded by Robert E. Esmlinger.

Charles A. Timmins Is Married
July 19: Announcement was made in York Friday afternoon of the marriage in Baltimore, on Tuesday, July 19, of Charles A. Timmins, Gettysburg, and Mrs. Ida B. Scott, Philadelphia. The ceremony was performed by a Lutheran minister.

Family Moves to Paxtang: Mrs. Minnie Heard and family, York street, moved on Monday to Paxtang where they will reside.

Couple Married: Miss Margaret A. Stallsmith became the bride of Marvin J. Fair, of Gettysburg, at a ceremony performed at his home on Broadway.

More Beetles Found: Japanese beetles have been found on the property of Edward Barbehenn, North Stratton street, it was reported on Wednesday.

Another Youth Is Ill With Lockjaw: With lockjaw fully developed, Francis S. Walter, 5, son of Mr. and Mrs. Gift Walter, Biglerville, Route 2, was admitted to the Warner hospital Wednesday in a serious condition.

He is the second patient in the hospital suffering from tetanus. C. Marshall Reinecker, five-year-old son of Mr. and Mrs. Neal Reinecker, near Gettysburg, having been taken to the institution a week earlier.

In both cases, the youths trod on nails, failing to tell their parents of what to them seemed trivial injuries.

20 Sons of Vets Enjoy Camp Life: "We're in the army now" rang through the woods of the R. E. Deardorff farm of Seven Stars where twenty members of Company B, 6th Regiment, Pennsylvania reserves, Sons of Veterans, went into camp Thursday afternoon in the first field service of that organization in recent years.

Captain George Hughes, of Gettysburg is in command of the camp.

Prince of Wales Lands in Canada: Quebec, July 30. — (AP) — The Prince of Wales, Prince George and Premier Baldwin, visiting Canada, to take part in the Diamond Jubilee confederation celebration, were officially welcomed to Canada this morning. The party was first greeted by Prime Minister McKensie King, who went aboard the Empress of Austria which came

Just Folks
The Poet of the People
By EDGAR A. GUEST
GARDEN LESSON
"I've never owned a garden," said a stranger passing by. "Then you've missed a lot of pleasure," I was prompted to reply. "I'm sure of that," he answered, "but to run one seem a task. Now I'm curious about it and some questions I would ask."

So I took him through garden, and I said with eyes a-shine: "These are Colorado spruces; and that one, Australian pine." I named the various roses and the phlox and marigold. And the fragile rhododendron, very lovely to behold.

I pointed out the dogwood and the elm and maple tree, And the juniper and cedar, and he seemed to smile at me. As he said: "It's all so peaceful and so very pleasant here, Don't the elm trees hate the maples and the plums the apples fear?"

"Don't the yellow roses ever start to quarrel with the white? Don't they claim to share God's sunshine with the peonies isn't right? Don't the Colorado spruces try to knock the cedars flat?" "No," I told the curious stranger. "It is only men do that."

Troopers Guard Tuberculin Test: Sergeant Joseph Merrifield and Trooper Alfred Verbecken of the local state police substation, went to Hopewell township, York county on Friday for the second time to assist state veterinarians in giving tuberculin tests to cattle.

At a recent tuberculin test, farmers of York county resisted the officers' attempts to test their cattle resulting in several arrests.

Personal Mention: Mr. and Mrs. Philip Bickle, West Lincoln avenue, have returned from a motor trip to Bar Harbor, Maine, and other points of interest in the New England states.

Miss Jane Small, Barlow street, entertained a number of little friends Monday afternoon in celebration of her fifth birthday anniversary.

Mrs. S. J. Spangler accompanied Mrs. Ellis Weigle and two sons to Detroit, Mich., Friday where they will spend two weeks.

Dr. and Mrs. Alexander O'Neal and two sons, of St. David's, are spending some time at their summer home, the Hauli Inn,

Baby's Cries Warn
Of Ailing Mother

Pittsburgh, July 31 (AP)—A milkman learns a lot of things about his customers—such as which babies are in the habit of crying in the early hours.

Robert Roteman, 26, decided to investigate yesterday when he heard one-year-old Louis Weaver wailing as though his heart would break.

Inside the Weaver home, Milkman Roteman found Mrs. Martha Weaver, unconscious on the floor. She died en route to a hospital where doctors could not determine immediately the cause of her death.

Approximately 500 hunters are killed and 3,000 injured annually in the United States.

INDONESIANS MARCHING ON TO BATAVIA

Batavia, Java, July 31 (P)—The Indonesian Republican army said today it was "marching on to Batavia" from several directions and had come within 12 miles of its goal.

A broadcast Republican communique heard by unofficial Monitor here reported Indonesian troops Tuesday reoccupied Tangerang, Serpong and Tjimenne, all on a semi-circle about a dozen miles south and west of this Dutch colonial capital.

The Dutch said this claim was "nonsense." This correspondent has seen no sign of such Republican activity anywhere in the general Batavia area.

Meanwhile, Netherlands authorities, who since July 20 have been reducing the Republic's territory by military means, moved today to do the same thing by political action as well.

To Elect Councils
The Dutch government established the islands of Bangka and Billiton, rich in tin, and the Riuw Archipel (Archipelago), producer of bauxite, as autonomous territories in the projected United States of Indonesia.

These territories all had been regarded as part of the Republic—along with Java, Sumatra and Madagascara—under the Linggadjati (Cheribon) agreement of last March, which provided for a U. S. I. to become a sovereign and equal partner of the Netherlands under the Dutch crown of January 1, 1949.

The Netherlands announcement said Democratic councils would be

COUNTY WHEAT
(Continued from Page 1)
the Western Maryland office said. Most county wheat goes to Baltimore and the dryers there have been operating at top speed, but have been unable to keep up with the shipments. As a result, Western Maryland agents said, Baltimore has issued no permits for county wheat to be taken there.

Expect Banner Crop
While little grain can be shipped from the county, Harrison F. Snyder, of the county Agricultural Adjustment Administration, said today that the crop will probably reach an all time high. Farmers who participate in the Agriculture Adjustment program who last year secured averages of six bushels of wheat per acre are this year obtaining 18 bushels per acre, Snyder said.

And growers who secured from 25 to 30 bushels per acre in other years are getting a yield of more than 40 bushels per acre on the average. One farmer harvested 48 bushels of grain in one acre, one of the largest yields ever produced.

While there are no dryers in the county at present, there is some talk of a dryer being constructed for next year in case similar difficulties in disposing of the crop develop again. At least one county organization and one miller are considering constructing dryers.

While the wheat has been full of moisture up to the present time the grain cut last week was dry and in excellent condition, Sharrer's mill reported, so that it may be possible the situation will clear up in another week and permit the freer flow of the grain to the larger cities.

elected for the three territories and authority given the governments would reflect "the completely new relations which have come into being" lately.

MINTER'S
Baltimore Street Gettysburg, Pa.

Coal Administrator Says Miners Themselves Should Eliminate Unsafe Practices

CLAIMS HABITS OF MANY YEARS ARE HAZARDOUS

By VERN HAUGLAND
Washington, July 31 (P)—Capt. N. H. Collisson, coal mines administrator, said today coal mines can attain top output without sacrificing safety.

In a report to Secretary of the Interior Krug on the government's operation of soft coal pits from July 29, 1946 to June 30, 1947, Collisson recommended that the United Mine Workers take the lead in bringing about miner compliance with safety requirements. He said:

"Many of the traditional habits and methods of long standing must be changed in order to eliminate unsafe working conditions in the mines."

Collisson also proposed that:

1. Coal operators, free of federal regulations for the first time in about 15 years, work specifically toward maximum mine safety, under terms of the contract Lewis signed with operators earlier this month.

Maintain Studies
2. The federal mine safety code be constantly revised and reviewed, on the basis of study, experimentation and practice.

3. The Bureau of Mines assume responsibility for increased and continued experimentation in safety measures and practices, particularly with regard to rock dusting methods and the use of Diesel engines in gassy mines.

"It might be argued," Collisson said, "that improvement in mining safety can only be accomplished at the expense of the necessary production of bituminous coal."

"The operation of the majority of the bituminous-coal mines under the uniform standards of the Federal Mine Safety code (July 29, 1946, to June 30, 1947) refutes without question any such theory."

No Sacrifice Needed
"The 620,751,000 tons of coal produced during that period is second only to the coal produced in the comparable period July 1, 1943, to June 30, 1944, when 620,485,000 tons were mined."

"It would seem clearly indicated that increased safety and maximum production of coal are quite possible and need not be considered as a deterrent in the accomplishment of either objective."

Collisson, who told reporters he plans to complete the liquidation of the defunct coal mines administration in August, said in his report that there were 3,058 mine inspections during the period of government possession.

These inspections revealed 62,002 safety code violations, of which 49,031 later were corrected and 9,302 were being corrected when the coal mines administration expired.

By contrast, 15,000 violations were corrected in the 63 months before July, 1946.

554 Mines Closed
Following the Centralia, Ill., mine disaster last March, in which 111 men were killed, Collisson ordered the closing of 554 mines. Federal inspectors closed 79 others. The majority were reopened upon correction of violations.

Fifty-two still are closed, Collisson said, for these reasons: Inspected but not approved for reopening, 23; abandoned, 11; seasonal shutdown, 10; not yet inspected, 6; sealed because of fire, 1; not reopened following explosion, 1.

Collisson's report pointed out that fatalities due to roof falls and haulage accidents greatly exceeded those caused by gas or dust explosions.

Grain Prices Break With Wave Of Sales

Chicago, July 31 (P)—Grain futures broke sharply on the board of trade Wednesday, wheat declining as much as 5 cts. a bushel during the morning session. Corn was off around 3-cents but oats showed some resistance to general selling.

The government reduced its wheat buying price by one cent at Kansas City. This, combined with favorable weather for expansion of harvesting operations, to start a selling wave.

Some of the selling in oats and corn reflected a government announcement that no export allocations of these grains were made for September.

Toward midsession a rally started and at 11 a. m., wheat was 3½ cents to 4 cents lower than the previous close, September \$2.27½. Corn was 2 to 2½ lower, September \$2.04½, and oats were 1½ to 1½ lower, September 89½-90.

Polio Strikes Two Sisters In York Co.

York, Pa., July 31 (P)—York county increased its count of polio cases to 11 today, as two sisters were reported ill with the malady.

Authorities identified the latest patients as Barbara, 10, and Patricia, 12, daughters of Mr. and Mrs. Elvin L. Reider, of Dallastown. The former was removed to a Harrisburg hos-

Ex-Staff Sgt. John D. Gonsalves, 29, who won the Distinguished Flying Cross four years ago, climbs down from the plane in which he is learning to fly at Brockton, Mass., for a pilot's license. He was awarded the DFC for flying a B-17, on which he was flight engineer without flying instructions, back to an English airbase after pilot and co-pilot were killed by flak on a bombing mission. WINS CLOSE DECISION

Miami, Fla., July 31 (P)—Ernie Pelala, 145½, Beaver Falls, Pa., won a close 10-round decision over Oswaldo Silva, 152, Brazil, in the main event of the Civic Center arena last night. Eddie Stout, 133½, Houston, Tex., scored a technical knockout over Joey Longo, 129½, of Baltimore, in 1:55 of the eighth in the semi-final event.

pital because of the seriousness of her condition.

Public school officials and health organizations were called together for a conference late today by Dr. Eli Eichelberger, city health director, to make plans to meet the situation which he fears may develop into an epidemic "like the one in 1941," when over 70 cases were reported, nearly a score of them fatal.

ROAD REPAIR COSTS TRIPLE IN 16 YEARS

Harrisburg, July 31 (P)—Highway maintenance costs in Pennsylvania now take one and one-half cent chunk out of the four-cents-a-gallon state gasoline tax.

The state Highways Department reported approximately \$65,000,000 was brought in by the levy for the fiscal year ending May 31 and nearly \$27,000,000 of that was spent to maintain thousands of miles of the commonwealth highway system.

Since 1931, the system of state roads has grown from 13,500 miles and approximately 9,000 bridges to 40,777 miles and more than 20,300 bridges.

Maintenance costs in that period have increased from approximately \$9,100,000 in 1931 to the nearly \$27,000,000 of last year, the department said.

Costs Are Higher
Besides the expansion of the highway system, other reasons cited by the department for the boosted expenditures were higher costs of materials and increased wage scales. In 1931, laborers were paid from

Calls Hollywood Red Probe 'Stupendous'

Washington, July 31 (P)—The investigation of Communism in Hollywood, scheduled by the House committee on un-American activities to begin September 23, got advance billing today as stupendous and colossal.

Almost, that is. "It will be sensational," Rep. Nixon (R-Calif.) predicted.

A member of the committee, Nixon told reporters: "We intend to name names and to produce witnesses who will testify they have seen some persons prominent in Hollywood at Com-

35 to 40 cents an hour. The present scale is 80 cents, the department explained, adding that material and equipment costs "have jumped proportionately."

Included in the outlay for maintenance in the last fiscal year was a \$7,258,000 item for snow removal, cinderling and other winter services. That figure has been exceeded only once previously when in the winter of 1944-45 the snow removal costs amounted to \$7,317,000.

Besides the one and one-half cents for state highway maintenance, a similar slice of the four-cent tax goes to municipalities for local maintenance and the remainder for general highway purposes.

munist meetings and who will report what they said."

Just how many first dimension stars will be brought into the hearings is not yet certain. Nixon said he thinks most big name stars who may figure in the inquiry will be listed as tinged with pink rather than as bright red Communists. The key figures in the Com-

munist movement in Hollywood are not well known nationally, Nixon said, but are important in the movie industry.

Refrigerator ice trays should be washed at least once a week with soap and hot water.

Only during a period of total eclipse can stars in near conjunction with the sun be seen at all.

FUND VOTED TO
RID GOVERNMENT
OF REDS, PINKS

Washington, July 31 (AP)—President Truman's plan—to rid the government of workers considered disloyal—finally is being set up.

It's aimed mainly at communists and fellow-travelers, those who follow the communist party line although not communists themselves.

Government officials, in deciding who's disloyal, will have a grave responsibility: not to injure innocent people.

Mr. Truman proposed the plan last March and asked congress for about \$24,000,000 to make it work.

It was ignored by the Republican-controlled congress for months. And one of the top Republicans, Speaker of the House Joseph Martin, said:

The Republicans had promised to do just this kind of job themselves and were going to keep the promise.

Vote \$11,000,000 Fund

So in mid-July the House passed a bill of its own, very much like Mr. Truman's plan, to fire disloyal workers. The Senate ignored this.

But in last week's finishing-up rush, both houses finally voted \$11,000,000 to carry out Mr. Truman's plan until next June 30, at least.

The plan will work like this:

The Attorney General draws up a list of organizations he considers communistic or in sympathy with communists or fascists.

(He's already done this and has a list of more than 70 such organizations. But he hasn't made them public and probably won't.)

This list will be a guiding star in deciding who should be considered disloyal. Membership in those organizations will tag a man for firing.

Each government agency will set up its own loyalty board. It will consider the cases of workers suspected of disloyalty.

Can File Appeal

If this board thinks a man should be fired for disloyalty, he can appeal to a still higher board, set up in the Civil Service Commission.

That's the court of final appeal.

Accused employees can bring witnesses and their own lawyers along at each step of the hearings.

In making a check, each agency can call on any government investigative agency, like the FBI or Military Intelligence, for information.

Mr. Truman said those investigative agencies can keep secret the names of "confidential informants."

In addition, the various government agencies will check on people looking for government jobs.

And all government agencies must furnish the FBI a list of their present employees, about 2,100,000, for checking with FBI files.

Since the plan couldn't be started

Jury Puts Price
On Railroad Depot

Youngstown, O., July 31 (AP)—A Mahoning county jury has placed an \$89,227 price tag on the Pennsylvania railroad passenger station here.

The finding was returned by nine men and three women Wednesday in the State Highway department's action to appropriate the property and clear the way for a \$1,500,000 bridge over the Mahoning river.

The state originally offered \$87,560. The railroad, testimony showed, valued the property plus damages at more than \$400,000.

Philadelphia Hit
By Freak Storm

Philadelphia, July 31 (AP)—A freak thunderstorm drenched parts of Philadelphia and left others perfectly dry early Wednesday.

Lightning struck many homes and electrical wires, causing fires. One bolt put out lights in about 1,000 north Philadelphia homes for nearly two hours. Another hit a trolley, disabling it for more than an hour.

until congress voted money for it, it is just getting under way now, it will take time to get in motion.

RENT CONTROL
UP TO BOARDS

Washington, July 31 (AP)—The Federal Rent Control office, with a wary eye on congress, has decided against further action on its own to lift ceilings from any of the 614 areas remaining under control.

Future policy, an agency official told a reporter privately today, will be for the federal office to check the decontrol question to the local advisory boards authorized under the new rent law enacted last month.

Although the law provides that housing expediter Frank R. Creedon, who administers rent regulations, may lift ceilings if conditions warrant, it also gives the local boards a strong voice in their own areas.

The official emphasized that the new policy is not delaying any decontrol actions "since none are up for approval at present."

However, he said that should the

Another set off a burglar alarm.

The moon shone brightly in the central section of the city, and no rain fell at the weather bureau's station at the southwest airport. But in the northern part of the city many streets were flooded by the rain.

To Auction Crosby
Hat In Waynesburg

Waynesburg, Pa., July 31 (AP)—A fund to provide a swimming pool for Waynesburg's kiddies will be enriched through auctioning off that "best hat of Bing Crosby's"—if Radio Comedian Bob Hope pays off the weather bet he made this week.

Attorney John Daily, the official "rain prophet" of this small community, made his usual wager it would rain July 29—just the same as it reportedly has on all except four occasions in the past 72 years. Citizens claim it did rain—although

agency—before the boards are set up for business—develop evidence that decontrol "might be warranted" in any of the areas, "it likely would wait for recommendations from the local board rather than going ahead on its own."

Pittsburgh Prepares
To Welcome Legion

Pittsburgh, July 31 (AP)—Hotels prepared to do a record business with 7,500 members of the American Legion expected to attend their state convention here starting next Wednesday. About 5,000 members of the Legion's auxiliary also were expected.

Proprietors of hotels urged other travelers to avoid the city until August 10.

A five-hour parade with an estimated 10,000 marchers will be held Saturday, August 9.

National Commander Paul H. Griffith of Uniontown will speak at Thursday sessions. Other top speakers will be U. S. Senators George C. Marshall announced he Francis Myers (D-Pa) and Edward had been forced to cancel plans Martin (R-Pa), Secretary of State to give one of the convention talks.

no rain was reported elsewhere in western Pennsylvania.

Now Daily is waiting for Crosby's hat. Asked how Hope would get it, Daily replied: "That's his problem."

PUBLIC SCHOOL EXPENSE TO BE \$459,000,000

Harrisburg, July 31 (AP)—Pennsylvanians will pay nearly \$250,000,000 for the operation of its public schools in the coming school year with the Commonwealth contributing more than 41 per cent of the operating costs.

Declaring that the state's share of education costs was boosted by \$67,551,000 for the next two years by new legislation, Dr. Francis B. Haas, state superintendent of public instruction, said Wednesday "history will show that education development has received an all-time high contribution from Gov. James H. Duff and the general assembly."

He said estimates by department statisticians showed the biennial bill for educating 1,500,000 children in 10,500 public schools, due to re-open in another month, will be \$459,000,000.

Pay Local Districts
Of this sum, the state will contribute \$173,000,000 to local districts for direct support of class room units and \$18,355,000 more for other public school expenses, a total of \$191,355,000.

In addition, operations of the state Department of Public Instruction will cost \$2,606,500; state-owned educational institutions, \$9,450,000; education of deaf and blind, \$2,560,000; colleges and universities, \$18,592,500; and other educational institutions, such as museums and farm schools, \$663,500.

The Commonwealth contribution to the pension program of Pennsylvania's school teachers was fixed at \$13,486,400, an increase of \$6,495,300 over the previous two-year period.

Dr. Haas noted there were substantial increases in the appropriations for every phase of education which the Commonwealth helps finance and added:

"But the greatest increase is obviously to be found in the appropriation to the public school system of \$163,000,000 where the increase over the past biennium was \$48,000,000. It is this item which helps to

Searching For Man Wanted In Slaying

Washington, Pa., July 31 (AP)—State and local police are searching the forests in the Van Voorhis sector for a man wanted for questioning in connection with the shotgun death of miner Edward Kuchar, 30. State Policeman J. C. Snyder of the Belle Vernon barracks said police were seeking Holly Black, 25, whose estranged wife made her home with her sister, wife of the dead man.

Kuchar was felled by two shots in the chest fired from a double barreled shotgun as he was walking home from work last night. His father, Nick Kuchar, following a short distance behind, found his son on the ground and got him to a hospital, where Kuchar died a short time later.

Man Digging Worms Starts Prison Scare

Philadelphia, July 31 (AP)—Alarm bells clanged within the grim walls of Eastern State penitentiary. Giant searchlights glared across the damp lawn.

Neighbors, recalling the recent escape of five men who tunneled

provide for the increase in salaries for our public school teachers.

Average Salary
"Under this new legislation, we estimate that the average salary this next school year for all members of the teaching and supervisory staffs, will be approximately \$2,527."

Dr. Haas said the general assembly increased the minimum salaries for teachers with less than four years college training from \$1,400 to \$1,950 in second, third and fourth class counties and for those with college training from \$1,400 to \$2,000 a year with \$200 more to those with a master's degree.

"The provisions of the law are such that no teacher who has served her probationary period and thus has attained tenure will receive an increase of less than \$150 next year. In the case of teachers whose salaries during the past year were equal to or excess of the new minimums, the mandated increases will range from \$150 to \$299," Dr. Haas said.

Says Chinese Are Opposed To Any Aid

Nanking, July 31 (AP)—Representatives of the Democratic league told Lt. Gen. Albert C. Wedemeyer Tues. that the Chinese people are bitterly opposed to any foreign assistance which would likely prolong the civil war "whether it comes from the United States or the Soviets."

Lo Lung-Chi, league spokesman, told newsmen after a conference with Wedemeyer's American fact-finding mission that he was convinced the investigation was impartial "but we are more interested in what happens after they return to Washington."

Meanwhile, the lull in China's civil war continued. The Chinese press dispatches at Peiping reported the Communists were training troops for a sixth major offensive in Manchuria.

Takes Religious Issue To Court

Easton, Pa., July 31 (AP)—The courts here have been asked to prevent the Easton school district from detaining a 10-year-old fifth-grade pupil in her classroom while classmates are released for religious instruction.

Karl Vannatta in his petition said that his daughter, Marie, was forced to stay in school while other pupils were released for religious studies. Vannatta said he did not want his daughter to attend Protestant church classes and that the action of school officials "interferes with the natural and indefeasible right of the child to worship Almighty God according to the dictates of her own conscience."

Men who enter West Point Military Academy must be at least five feet, six inches tall.

DODGERS WIN AFTER CARDS TIE IN NINTH

By JOE REICHLER

Associated Press Sports Writer

Lanky Ewell Blackwell's sensational 16-game winning streak is at an end today, but another string—the 12-straight success of the Brooklyn Dodgers—has the baseball world buzzing.

The National league leading Brooks won their 12th straight in St. Louis in a night game in Washington. Young Ed Yost booted Vern Stephens' grounder in the second extra frame to allow Paul Lehner to score from third with the winning run.

The Chicago White Sox downed the Athletics 3-2 in a night game in Philadelphia.

Pittsburgh and Boston divided a double header, the Pirates winning the opener 5-3 and the Braves bouncing back to take the nightcap 8-5. Kirby Higbe held the Braves to five hits in the opener.

After taking it on the chin 13 times in 14 meetings with the Chicago Cubs, the Philadelphia Phils broke loose with an 11-hit attack against three Bruin hurlers to win 9-2 in Chicago.

Soft pine supplied for many years the major lumber requirements of the United States.

More than 6 million pounds of salmon are caught in California each year.

Then Chuck Diering, Stan Musial, Enos Slaughter and Ron Northey slammed successive singles to bring in three tallies and knock out Behrman in favor of Hugh Casey. The veteran fireman fared no better than Behrman. Kuroski walked, Marty Marion singled and Pinch Hitter Del Wilber also singled to drive in three more runs and deadlock the game at 10-10.

The Dodgers roared back in the top half of the 10th. With one out Gene Hermanski doubled and after Bruce Edwards had made the second out, Pee Wee Reese came through with a ground ball single between third and short to send Hermanski home with the payoff run.

The triumph increased the Dodgers' first place margin over the Cards to nine full games, and St. Louis now is in third place, one percentage point behind the New York Giants.

Blackwell's string was broken by the Giants, who defeated the Reds 5-4 in a 10-inning daylight tussle in Cincinnati. It was the side-arm slinger's first defeat since May 4. His overall record now stands at 18-3.

In falling three shy of Rube Marquard's record of 19 straight vic-

tories, Blackwell became the sixth to rack up 16.

The New York Yankees stretched their American league lead to 11½ games over the runner-up Red Sox of Boston by defeating the Detroit Tigers 8-5 at the Yankee stadium while the Red Sox bowed to the Cleveland Indians 13-7 in a night game at Boston.

The St. Louis Browns pushed over an unearned run in the 11th to eke out a 2-1 win over the Senators in a night game in Washington. Young Ed Yost booted Vern Stephens' grounder in the second extra frame to allow Paul Lehner to score from third with the winning run.

STEEL WORKERS GET ADDED PAY

Weirton, W. Va., July 31 (AP)—Approximately \$1,500,000 will be paid to Weirton Steel Co. employees on a special payday Sept. 15 under provisions of a joint agreement to correct inequities in pay rates.

Announcement of the agreement by the company and Weirton Independent Union Inc., last night included a statement that the payments will cover adjustments retroactive to Jan. 2, 1944. The company employs more than 20,000 workers at its plants here and in Steubenville, O.

The statement emphasized that the increases under the agreement are not general but are designed to cover various jobs which had been receiving too low a pay rate in comparison with other jobs. It was stated that the company now has a simple and uniform wage rate system.

New rates for current paychecks are scheduled to go into effect about August 1.

The company said a survey showed that some workers also were receiving too high rates for their jobs but that no downward adjustments were made.

What if they were seven feet long, and what if they did look like a

Here Is What Happens To Those Who Get Big Head

Washington, July 31 (AP)—If you want to know what may happen to creatures who get the big head, consider the sad story of the stereospondyls.

The Smithsonian Institution disclosed in a news release today that, 150,000,000 years ago, stereospondyls were messing around happily in what now is New Mexico.

Ah, but life was good! True, these amphibians, the first back-boned animal to walk on land, looked like a Freudian bad dream. But what did they care?

What if they were seven feet long, and what if they did look like a

salamander?

Squeeze thru Ooze

All they wanted to do was to slink around swamps and squeeze through the ooze. And when it came to that, they figured the world was their oyster.

For they needed water in which to lay their eggs and develop through the embryonic stages. Well, there was plenty of water.

And they needed a little land, to try out their new feet. Well, there was a little land, too.

The Smithsonian carefully draws no conclusions, but it's easy to figure out what happened. As any non-scientist can plainly see, all this went to the stereospondyls' heads.

For of that 7-foot body of theirs, two feet were needed for their big skulls.

"Their Last Stand"

And just when everything was rosiest, when the mud was the gooiest, things began to go wrong. Swamps went dry as continents formed and mountain ranges grew.

The Smithsonian's Dr. D. H.

Dunkle has just fetched 35 stereospondyl skulls back from a small spot near Santa Fe, N. M.

Apparently here was one of the last great marshes. And here the once uppity stereospondyls made, literally, their last ditch stand.

"We found about nine of these skulls," said Dr. Dunkle, "crowded into an area of about 40 feet."

Moral: Mountains are okay for goats, knotty pines and Swiss yodelers, but they sure play hob with stereospondyls.

Clean blotting paper and a hot iron can be used for removing soiled spots from wallpaper.
